

# Zynamite®

## ABOUT

Zynamite® is our patent-pending proprietary *Mangifera indica* extract standardized to  $\geq 60\%$  mangiferin. It is a natural caffeine replacement ingredient free of side effects.

Clinical studies indicate that Zynamite® activates brain waves and increases Long-Term Potentiation in a remarkably similar pattern to caffeine. While caffeine antagonizes adenosine receptors, Zynamite® acts non-selectively to stimulate brain activity.
